

Where the City Lives

Discover a destination that is both central and secluded, exclusive yet connected. Maysan is a new residential development offering a refined island lifestyle that is truly unique. Comprising six distinct residential districts, each with spacious, organically designed homes set against a backdrop of lush green parks, Maysan provides world-class amenities tailored to your well-being. The community features a network of inviting paths for walking and cycling, seamlessly connecting indoor and outdoor living spaces. Here, nature and comfort coexist harmoniously, creating a lifestyle that blends relaxation with active outdoor enjoyment.

Redefine Your Sense of Home

Nestled in lush greenery, Mayar is an island sanctuary that redefines urban living with the debut of Abu Dhabi's first maisonettes. This vibrant community is anchored by a stunning 300-metre park, complemented by a series of beautifully landscaped pocket parks that invite you to connect with nature and enjoy outdoor activities. At the heart of Mayar lies a sophisticated clubhouse, offering world-class amenities that elevate daily living to a resort-like experience.

This community is thoughtfully designed to foster connection and well-being. Its clubhouse is a lively social hub where residents gather to build friendships and enjoy curated activities. With a strong focus on wellness, the community boasts an array of premium amenities that enhance both mind and body, promoting a lifestyle of health and vitality.
